Dear Cody,

This letter is in regards to the 9/15/14 compliance check of your Category A, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- ☐ 110.5(1)d Medicines are given only with written authorization from the doctor or parent. (You need to have the parent complete the Medication Sheet I shared with you giving permission and identifying the medication being received by the child in your care.)
- ☐ 110.5(1)e All accessible electrical outlets are safely capped. (You need to install plastic safety caps on the few exposed electrical outlets.)
- ☐ 110.5(1)j Emergency and disaster plans for fire and tornado are written and posted by primary and secondary exits. (You need to post an emergency/disaster plan next to your front and back door. This plan should include a map of your home and clearly mark fire/tornado exits and locations.)
- ☐ 110.5(1)m Has not less than one 2A 10BC rated fire extinguisher in a visible and readily accessible place on each child-occupied floor. (You need to obtain a 2A 10BC fire extinguisher for both your main and upper level.)
- ☐ 110.5(1)n Has a minimum of one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. (You need to repair/replace the battery operated smoke detector in your living room and install one in your upstairs bedroom.)

110.5(2) A provider file is maintained and contains:

- ☐ 110.5(2)d An individual file is maintained for each substitute and contains: (You need to update your file for substitute Courtney by adding a copy of her current certification in mandatory child abuse training, her current certification in CPR, and her current certification in First Aid.)
- ☐ 110.5(2)d Certification of two hours of approved training relating to identification and reporting of child abuse within 6 months of employment and repeated every 5 years.

☐ 110.5(2)d Certification in infant and child first aid that includes mouth-to-mouth resuscitation. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR.

110.5(8) Children's Files

☐ 110.5(8)e For infants and preschoolers: A statement of health signed by a physician submitted annually. (You need to update a couple of your children's files with current copies of physician signed statements of health. These need to be updated annually.)

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations on or before 11/7/14.**

☒ Based on the items out of compliance listed above, a re-check or follow-up visit to your home is not necessary. However, it is essential you come into complete compliance with all Departmental regulatory mandates. **Please check mark each of the boxes listed above when the necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.**

I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.

Please sign and date below, and return this form in the provided envelope by: 11/7/14.
